### China's July PMIs show improving manufacturing, robust services

July 31

China's manufacturing sector witnessed an improved business climate in July as a key indicator went up for a second straight month, while the service sector continued to see vibrant activities, official data showed Monday. The purchasing managers' index (PMI) for the sector came in at 49.3 in July, up from 49 in June and 48.8 in May, according to the National Bureau of Statistics (NBS). A reading above 50 indicates expansion, while a reading below reflects contraction.
